

Reader Commendations

Wu Ruibiao, Managing Director, Shunde Changshengda Plastic Packaging Materials Co., Ltd.

The article "Modern Cast Film Line Technology" introduces the advanced cast film technologies and applications worldwide in precise detail.

Dec 2006 / Jan 2007 Issue

Li Jicheng, General Manager, Guilin Kelier Sujiao Guanye Co., Ltd.

The update market information of every issue is of great benefit to my work.

Dec 2006 / Jan 2007 Issue

Liu Xuejun, Factory Director, Apple Baby Products Co., Ltd.

The article "The Latest Development of Hot Runner Technology" has helped us a lot because we are seeking such solutions now.

Dec 2006 / Jan 2007 Issue

Chen Youhong, Chief Engineer, Shanghai Bei Hong Telecom Electrical International Co., Ltd.

The introduction of new materials (special materials) is highly applicable to our company.

Dec 2006 / Jan 2007 Issue

Li Xiuxian, Manager, Shenzhen Hongri Plastics Co., Ltd.

The article "The Latest Trends of Indian Plastics Processing Industry" has widened my perspective of the global market and has helped us define our business direction.

Feb / Mar 2007 Issue

Lu Danya, General Manager, Guangzhou Xingya Plastic Pipe Co., Ltd.
My favorite is "Focus" because the articles focus on the concerns of enterprises.

Feb / Mar 2007 Issue

Li Wei, Senior Specialist, Mingda Plastics (Xiamen) Co., Ltd., Plastic Film Factory

The article "Surging Polymer Demand Opens up New Market for Auxiliary Equipment Suppliers" has enhanced my understanding of the current situation and development of auxiliary equipment.

Feb / Mar 2007 Issue

Lu Yu, Factory Director, Foshan Nanhai Jianfeng Plastic Printing Factory

"Environmental Protection" has deepened my awareness of the need for environmental protection while "Plastic Engineer" has helped improve our technology in the production flow.

Feb / Mar 2007 Issue

Qian Zhimian, Former Chief Engineer, Shanghai Plastics Research Institute

The "Focus" of every issue is rich in content and provides in-depth analysis, giving lots of insights. The reports in the "Show Supplement" are very comprehensive and highlight new technologies, materials and equipment. The information given is more than one can get at a show.
